DESCRIPTION Perspex Kft. from Hungary was founded in year 2000. The firm started activity with sales of label printing materials and supplies. Our accuracy and quality in hard work, our customer-oriented mentality and the satisfaction of our partners stimulated our company to develop our service. Nowadays we work with the most modern printing technology and a different type of flexographics machines (like MPS, Gidue, Multipress etc.). We can provide all kind of self-adhesive labels, shrink sleeve foils, wine labels, sealing foils and flexible packaging. We can without any problem serve the fields of food industry, chemical industry, electronic industry etc. We invested and built a new warehouse next to our factory and we also have our graphical designer group to give a wider range of service to our partners.
